Professional Experience

Jason Brunette is the Director of Project Management for Martin Property Development. He has been with the company since 2015 and is highly regarded in the field of project management. Jason has extensive experience in project management, construction management, and move management for both owners and occupiers of commercial real estate.

Prior to his affiliation with Martin Property Development, Jason was a project manager with CBRE, Inc. in Atlanta, Georgia. He was responsible for managing construction projects on behalf of clients across the country such as Ernst & Young, McKesson, and Shaw Industries Group, Inc. His experience has created a strong foundation for budgeting, scheduling, and overall project management of commercial construction and development projects.
