Professional Experience

Wesley Rosekrans is a Project Manager for Martin Property Development. Wesley has a wide range of experience in project management and construction administration. Prior to joining Martin, Wesley was a development project manager for The Boji Group. He was responsible for managing pre-development activities and assisted in the coordination of multiple-build-to-suit projects in Lansing and Southeast Michigan. Working with architects, engineers, contractors, and clients, he has experience in the full spectrum of the design/build process, from inception to construction completion. At Martin, Wesley strives to enhance projects with his skill set gained from years of experience within Michigan to create spaces that fulfill owners' and tenants' needs. His knowledge, attention to detail, and ability to lead are perfectly suited for his role as Project Manager.

Current Projects/Clients

- Orthopaedic Rehab Specialists
- IGT Global - Build-To-Suit
- Hooked Wine Bar/Bookstore
- First National Bank of America
- Crumbl Cookies
- DoorDash
- Karoub Associates

Significant Previous Assignments

- The Boji Tower: Member of team that performed the remodel of the lobby, façade, and entryways.
- The Louie: Full core and shell update, whole building abatement, redesign of the lobby, and mechanical systems, including build-to-suit renovations on six floors, on behalf of four separate tenants.
- State of Michigan DDHS: Contributed as member of development team in the procurement, planning, development, and completion of multiple ground-up buildings for the Department of Health and Human Services throughout the State of Michigan (Kalamazoo, multiple metro Detroit locations, totaling approx. 200,000 SF).

Education and Accreditation

- Michigan State University, Bachelor of Science; Urban and Regional Planning
- Construction Managers Association of America - Level 1 Candidate
