EXECUTIVE SUMMARY

Martin Commercial Properties is pleased to present the rare opportunity to acquire three condo units in a premium asset located at 2900 West Road in East Lansing. This offering spans two floors totaling 18,607 square feet of high-quality office space within a prestigious five-story Class A building. The sale includes both a partial lower level and entire first floor, along with shared access to robust building amenities that enhance tenant experience and long-term value.

Originally constructed in 2005, 2900 West Road stands out as one of the premier suburban Class A office properties in the Greater Lansing area, boasting a modern two-story atrium, above-market finishes, and ample surface parking. The building is professionally maintained to the highest quality standards, reflecting ownership pride and operational excellence.

Key shared amenities include a 2,000-square-foot conference room, a catering kitchen, a fitness center with showers, and secure tenant storage areas—all located in the lower-level common area and designed to support today's professional workforce.

Currently, the asset is 100% leased to two established tenants:

- Spicer Group, Inc., a full-service engineering, surveying, and planning firm
- Cherry Marketing Institute, Inc., a research-based nonprofit organization

Strategically located in East Lansing's Northwest tier, the property benefits from proximity to Eastwood Towne Center, a high-traffic lifestyle retail and entertainment destination. The site offers outstanding regional connectivity via Lake Lansing Road and is situated less than half a mile from the US-127 interchange, with Michigan State University just minutes away.

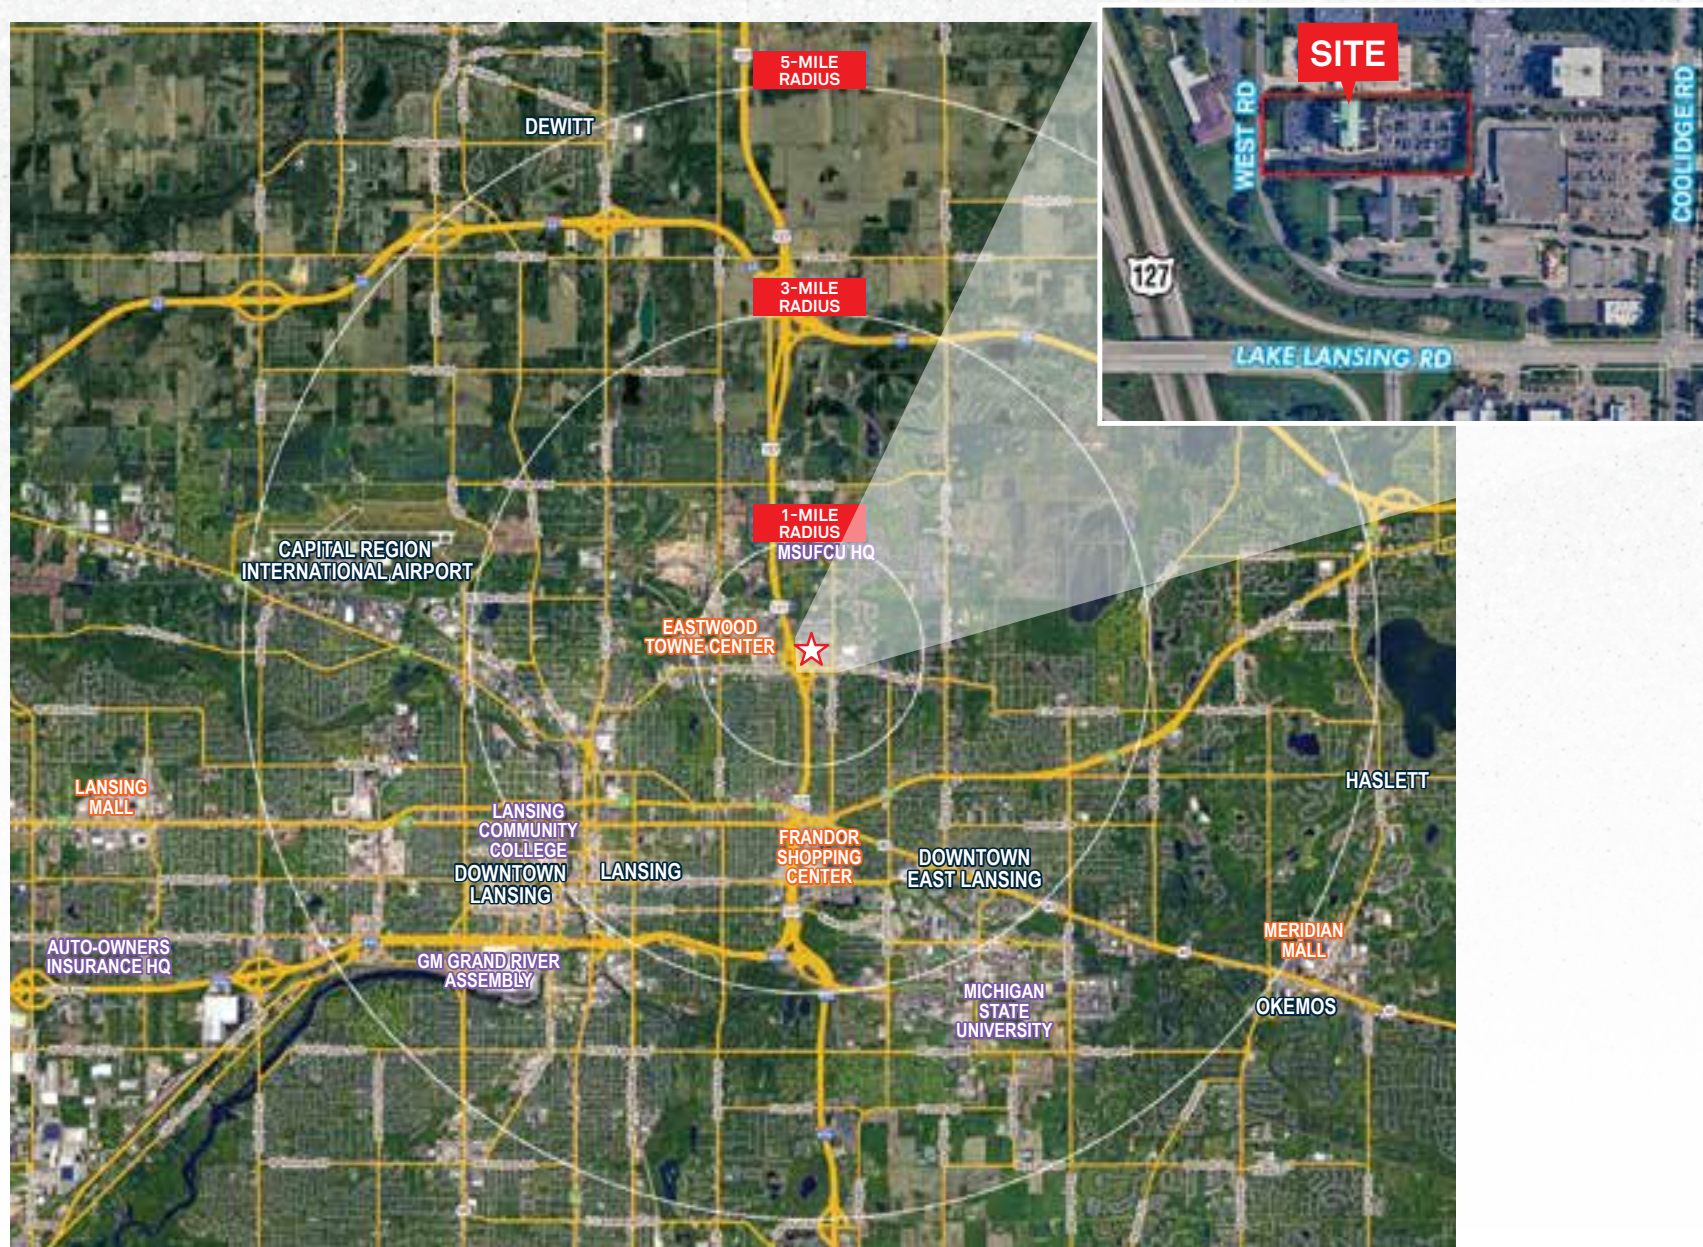

This offering represents a compelling opportunity for investors seeking a stable, income-producing office asset in a growth-oriented submarket, with high visibility, strong tenant covenants, and long-term upside.
