Professional Experience

Misty brings more than 15 years of experience in human resources, talent acquisition, and legal support, with a proven track record across real estate investment trusts (REITs), property management, construction, legal, and investment banking sectors. Her diverse background spans acquisitions, new construction, renovations, and land development—supporting both front-line operations and executive leadership teams.

She has led national staffing strategies and organizational development efforts within high-growth and private equity-backed environments, building HR and recruiting infrastructures from the ground up. Misty is well-versed in supporting shared services models and full-cycle recruitment for a wide range of roles, including corporate, C-suite, technical, field, and back-office functions.

Her legal foundation includes experience in corporate compliance, employment law, internal investigations, and policy development. Technically proficient, Misty has successfully implemented and optimized ATS/HRIS platforms such as Workday and Greenhouse to support scalable growth.

Misty holds a Bachelor of Business Administration in Human Resources Management from Strayer University. She is also active in her community, volunteering with homeless outreach programs and children's hospitals. On game days, you'll find her behind the mic as a youth football announcer—or in the stands passionately cheering on THE Ohio State Buckeyes and her beloved Dallas Cowboys.
