Professional Experience

As Vice President Nic has a pivotal role in overseeing and enhancing our operational objectives. His responsibilities encompass strategic leadership, project management oversight, and fostering client relationships to ensure exceptional service delivery. With a focus on our commitment to quality and safety standards, he is instrumental in steering us towards continued growth and success in the construction industry.

Nic brings a wealth of experience to his role, having spent 14 years in the general contracting industry. Throughout his career, he has successfully managed over 3 million SF of commercial construction projects. His extensive portfolio showcases his ability to lead large-scale projects with precision and efficiency, consistently meeting and exceeding project goals.

A seasoned project management professional, Nic is renowned for his steadfast commitment to client satisfaction and innovative problem-solving. He excels in fostering a collaborative and motivated environment, driving his teams of construction professionals to achieve remarkable results and continuous growth.

Beyond his professional achievements, Nic is deeply committed to giving back to both his community and the construction industry. He actively volunteers with Habitat for Humanity, contributing his expertise to help build homes for those in need. Additionally, Nic shares his knowledge and passion for the field by teaching a drawing reading class for the Associated Builders & Contractors, nurturing the next generation of construction professionals.
